### SUMMARY

I am a front-end web developer specializing in building user-friendly web interfaces. Passionate about crafting clean, efficient code and solving complex problems, I aim to create scalable, high-quality UI components.

### PROJECT EXPERIENCE

#### Web Developer Intern, Freelance Projects

Jan 2024 - June 2024

- Developed and maintained responsive, cross-browser-compatible websites using HTML5, CSS3, and JavaScript.
- Implemented new features and enhancements on WordPress websites, including WooCommerce integration.
- Worked with back-end developers to integrate UI components with APIs and databases.
- Performed routine maintenance, debugging, troubleshooting, and performance optimizations.
- Applied on-site SEO principles to enhance website visibility.

### TRAINING EXPERIENCE

#### Front-End Web Developer, ALX Foundations

July 2024 - Aug 2024

- Collaborated on designing and creating a prototype of an educational application aimed at solving educational challenges in Africa.
- Identified key problems and planned core features in collaboration with team members.
- Created user-friendly wireframes and contributed to UX design.
